APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion of the waters of East Fork Carson River (Hogrefe or Rocky Slough) as set forth in Proposed Findings of Fact, Conclusion of Law and Decree as amended entered by the U. S. District Court of Nevada, Case No. D-183, U. S. of America, Plaintiff, U. S. Alpine Land and Reservoir Co., a corporation, et al, Defendants, is issued subject to the terms and conditions of the Final Decree when entered and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water.

The quantity of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0422 cubic feet per second, or 15 acre-feet per season.

Actual construction work shall begin on or before April 8, 1959

Proof of commencement of work shall be filed on or before May 8, 1959

Work must be prosecuted with reasonable diligence and be completed on or before April 8, 1960.

Proof of completion of work shall be filed before May 8, 1960

Application of water to beneficial use shall be made on or before \_\_\_\_\_

April 8, 1961 . Proof of the application of water to beneficial use

must be filed with the State Engineer on or before May 8, 1961
